

# Utility 10 Gauge Cotton Knit Gloves

Our high-quality cotton fabric undergoes a six-step impurity removal process, ensuring purity. Made from all-natural cotton and new polyester, these hypoallergenic gloves are flexible, breathable, comfortable, and the ambidextrous design adds to their practicality.

## Packaging

12 pairs per pack, 25 packs per case, available in natural color.

## Comfortable & Flexible

Cotton/polyester knit shell provides comfort and flexibility.

## Supreme Quality

Meticulous production ensures superior product integrity and performance.

## Protective Knit Wrist

Prevents dirt and debris from entering the glove.

## Product Features

- **Reusable and Durable:** Designed for repeated use, maintaining quality over time.
- **Machine Washable and Dryable:** Easy to clean and maintain.
- **Minimal Shrinking:** Slight shrinking may occur from washing but does not impact performance or integrity.
- **30% Cotton / 70% Polyester Blend:** Combines the softness of cotton with the strength of polyester.
- **10 Gauge Knit Yarn Construction:** Provides a robust and flexible design.
- **Breathable Fabric:** Ensures comfort during extended wear.
- **Hypoallergenic Material:** Suitable for sensitive skin.
- **Ambidextrous Design:** Can be worn on either hand for convenience and versatility.
